Professional Profile

Environmental scientist with a Ph.D. in Environmental Science and Engineering and research experience in remote sensing, land surface temperature modeling, GIS, and environmental data analysis. Six years of professional experience at Mathematical Sciences Publishers, contributing to scholarly publishing workflows, software development, and L^AT_EX-based production systems. Research and professional interests include environmental data science, geospatial analysis, open-source scientific software, digital typography, and scholarly publishing.

Research Interests

- Environmental data science
- Remote sensing and geospatial analysis
- Environmental modeling
- Scientific computing
- Open-source scientific software
- Scholarly publishing, digital typography

Education

- Sep. 2014–Jun. 2020 **Doctor of Philosophy (Ph.D.) in Environmental Science and Engineering**
China University of Geosciences, Wuhan, China
Dissertation *Comparative Study of Land Surface Temperature from Landsat 8 in Chandina, Bangladesh*
Advisor **Dr. Tao Wang**, Professor, School of Environmental Studies
- Jul. 2010–Jun. 2012 **Master of Science (M.S.) in Environmental Science**
University of Dhaka, Dhaka, Bangladesh
Thesis *Identification and Assessment of Land Use and Land Cover Changes Using Remote Sensing and GIS Techniques at Kaaultia Union of Gazipur, Bangladesh*
Advisor **Dr. A.S.M. Mohiuddin**, Professor, Department of Soil, Water, and Environment
- Jul. 2004–Jun. 2010 **Bachelor of Science with Honors**
University of Dhaka, Dhaka, Bangladesh
Project *Green Technology*
Advisor **Dr. M. Shafiqur Rahman**, Professor, Department of Soil, Water, and Environment

Research Experience

- Sep. 2014–Jun. 2020 **Doctoral Research**
China University of Geosciences, Wuhan, China
Conducted doctoral research in remote sensing and environmental modeling, focusing on land surface temperature (LST) estimation from Landsat 8 imagery.
- Performed remote sensing analysis of Landsat 8 imagery using ENVI to estimate LST.
 - Processed vector data and conducted spatial analysis using ArcGIS.
 - Compared four LST estimation algorithms and evaluated their performance.
 - Developed well-documented, reusable R scripts for statistical analysis, comparison of LST algorithms, and publication-quality visualization; included representative code examples in the dissertation to promote reproducible research.
 - Published the research in a peer-reviewed journal.

Jul. 2010–Jun. 2012 **Master's Research**

University of Dhaka, Dhaka, Bangladesh

Conducted master's research on land-use and land-cover (LULC) change using remote sensing and GIS techniques.

- Investigated LULC change using multi-temporal satellite imagery.
- Performed spatial analysis and thematic mapping using GIS.
- Evaluated environmental changes through satellite image interpretation.

Professional Experience

Jun. 2020–Jun. 2026 **Production Editor**

Mathematical Sciences Publishers (MSP), Berkeley, California (Remote)

- Contributed to scholarly publishing through technical editing, production, and workflow optimization.
- Copyedited research articles across multiple mathematical disciplines for publication.
- Developed enhancements to $\text{\LaTeX}$ journal class files to improve publication workflows.
- Identified software issues in production scripts and provided technical feedback that contributed to workflow improvements.
- Collaborated with the production team to improve the journal publication system.

Supervisors **Silvio Levy** (2020–2025); **John Bourke** (2025–2026)

Jun. 2012–Aug. 2014 **Assistant Coordinator (Publication)**

Chhayanaut, Dhaka (On-site)

- Managed production of the quarterly *Bangladesher Hridoy Hotey*.
- Established and managed an in-house production workflow, replacing the previous outsourced process.
- Liaised with authors, coordinated proofs, and ensured delivery of final printed copies.
- Coordinated editorial schedules and workflows.
- Organized monthly editorial board meetings.

Supervisor **Prof. Dr. Sanjida Khatun**

Publications

Journal Article

- 2020 **M. Q. U. Sajib** and T. Wang. Estimation of land surface temperature in an agricultural region of Bangladesh from Landsat 8: intercomparison of four algorithms. *Sensors* 20(6), art. id. 1778. DOI 10.3390/s20061778.

Peer-Reviewed Conference Proceedings

- 2013 M. S. U. Rajib, L. Fan, **M. Q. U. Sajib**, and N. Z. Mou. Production and preferences to compatible solution: fuzzy evaluation of power sector in Bangladesh. In *Information Technology for Manufacturing Systems IV*, vol. 421 of *Applied Mechanics and Materials*, pp. 904–909. Trans Tech Publ. DOI 10.4028/www.scientific.net/AMM.421.904.
- 2011 M. S. U. Rajib, M. S. Alam, **M. Q. U. Sajib**, and N. Ahmed. Impact of relationship among the fundamental blocks in production process to implement re-engineering: an empirical analysis in SMEs. In *Machinery, Materials Science and Engineering Applications, MMSE2011*, vol. 228–229 of *Advanced Materials Research*, pp. 696–701. Trans Tech Publ. DOI 10.4028/www.scientific.net/AMR.228-229.696.
- 2011 **M. Q. U. Sajib**, M. S. U. Rajib, and M. S. Alam. An assessment on the adaptation of ISO 14000 in the fertilizer industry of Bangladesh for the sustainable development. In *Proceedings of the 2011 International Conference on Energy and Environmental Science (ICEES 2011)*, vol. 11 of *Energy Procedia*, pp. 2480–2488. Elsevier. DOI 10.1016/j.egypro.2011.10.568.

Book Chapters

- 2019 M. S. U. Rajib and **M. Q. U. Sajib**. Corporate disclosure measurement. In M. Khosrow-Pour, editor, *Advanced Methodologies and Technologies in Network Architecture, Mobile Computing, and Data Analytics*, chap. 36, pp. 489–501. IGI Global. DOI 10.4018/978-1-5225-7598-6.ch036.
- 2018 M. S. U. Rajib and **M. Q. U. Sajib**. Corporate disclosure measurement. In M. Khosrow-Pour, editor, *Encyclopedia of Information Science and Technology*, chap. 165, pp. 1896–1906. IGI Global, 4th ed. DOI 10.4018/978-1-5225-2255-3.ch165.
- 2017 M. S. U. Rajib, **M. Q. U. Sajib**, and M. Hoque. Strengthening the public sector accounting through ICT: the experience of a developing country. In H. Kaur, E. Lechman, and A. Marszk, editors, *Catalyzing Development through ICT Adoption: The Developing World Experience*, pp. 71–87. Springer. DOI 10.1007/978-3-319-56523-1_6.

TUGboat Article

- 2019 **M. Q. U. Sajib**. Typesetting the Bangla script in Unicode TeX engines — experiences and insights. *TUGboat* 40(3), pp. 263–269. URL tug.org/TUGboat/tb40-3/tb126sajib-bangla.pdf.

Skills

Statistical Computing	R
Programming	Python, Perl
Computing	Linux, Git/GitHub, Emacs
Geospatial	QGIS, ArcGIS, ENVI, ERDAS Imagine
Digital Typography	TeX, L ^A TeX, X _Y L ^A TeX, LuaL ^A TeX
Scientific Publishing	Journal production, workflow development, technical copyediting

Technical Contributions

Open-Source	Development of open-source tools for high-quality typesetting of the Bangla script with X _Y L ^A TeX and LuaL ^A TeX.
Production	Contributed to journal production workflows and L ^A TeX class file improvements at MSP.
Text Rendering	Investigated Bangla text rendering in Unicode TeX engines, contributing to technical discussions with HarfBuzz maintainers and TeX developers.
BanglaFineType	Founded and leads BanglaFineType, an open initiative focused on the fine points of Bangla typography through research, engineering, education, and scholarly publishing.

Community Engagement

Gunijan

Jun. 2011–Aug. 2013 **Researcher and Writer**

Conducted biographical research and authored short biographies in Bangla of seven eminent personalities of Bangladesh for the Gunijan digital archive.

University of Dhaka

Jul. 2005–Jan. 2006 **Student Assistant**

Served as a student assistant at the Science Library, University of Dhaka.
